EOM Universal Joints

The EOM Offshore U-Joint is another robust and field-proven product that adds additional versatility and survivability to mooring systems. Capable of “bending” 30 degrees in every direction, the EOM U-Joint can be coupled to both mooring anchors or at the surface flotation.

For additional information please contact **Mark Lambton**, General Manager at (508) 563-2100 or mlambton@eomoffshore.com.
